Assessed contribution figures in **tables A16, A19** and **A20** are used to determine the amount of support where a 2016 cohort student who is eligible for benefits has applied for loans for living costs and supplementary support. Maintenance and Special Support Element of the Loan for Living Costs.

For 2016 cohort students entitled to benefits, the loan for living costs has a maintenance element and a special support element, the latter being a contribution towards the costs of books, travel, equipment and childcare. The special support element is disregarded by the Department for Work and Pensions as student income when calculating benefits. Students whose entitlement to loan for living costs exceeds the maximum maintenance element will receive additional loan as a special support element. Maximum maintenance and special support elements are set out in **table A3 below** and at **table A16:**

New full-time students in 2020/21 and continuing full-time students starting a course on or after 1 August 2016 who are aged 60 or over on the first day of the first academic year of their course qualify for a means-tested loan for living costs towards the costs of books, travel, equipment and childcare in 2020/21. The loan for living costs is disregarded by the Department for Work and pensions as student income when calculating benefits.

2016 cohort students aged 60 or over on the first day of the first academic year of their course with household incomes of £25,000 or less qualify for the maximum loan for living costs of £3,893 in 2020/21. Students with household incomes above £25,000 lose £1 of loan for every complete £4.87 increase in income above £25,000 until a household income of £43,716 is reached where a minimum £50 loan is paid. Students on household incomes above £43,716 do not qualify for a loan for living costs.

The income assessment for loan for living costs for students aged 60 or over on the first day of the first academic year of their course is not added to the income assessment for supplementary grants (i.e. dependants' grants and travel grant) as part of the assessed contribution.

Table A17 covers loan for living costs rates for **2016 cohort students aged 60 or over on the first day of the first academic year of their course.**

complete £5.13 of income above £25,000. For income in excess of £42,875 up to and including £69,978, students lose £1 of loan for every £7.46 of income until the amount they receive reaches around 45.7% of the maximum amount (indicated at (+) in the table above), at which point there is no further reduction.

Elsewhere Rate - Students with household incomes above £25,000 up to and including £42,875 lose £1 of loan for every complete £4.903 of income above £25,000. For income in excess of £42,875 up to and including £62,210, students lose £1 of loan for every £7.58 of income until the amount they receive reaches around 40.9% of the maximum amount (indicated at (+) in the table above), at which point there is no further reduction.

The loan for living costs is divided into two elements – the maintenance element and, for students on lower incomes a special support element for books, equipment, travel or childcare. The special support element is disregarded by DWP when calculating means-tested benefits.

The 'Assessed Contribution' is calculated for incomes above £42,875 – see table A19 of this Memorandum.

New full-time students in 2020/21 and continuing full-time students starting a course on or after 1 August 2016 who are aged 60 or over on the first day of the first academic year of their course qualify for a means-tested loan for living costs in 2020/21.

2016 cohort students aged 60 or over on the first day of the first academic year of their course with household incomes of £25,000 or less qualify for the maximum loan for living costs in 2020/21. Students with household incomes above £25,000 lose £1 of loan for every complete £4.87 increase in income above £25,000 until a household income of £43,716 is reached where a minimum £50 loan is paid. Students on household incomes of £43,717 and above do not qualify for a loan for living costs.

The income assessment for the loan for living costs for students aged 60 or over on the first day of the first academic year of their course is not added to the income assessment for supplementary grants (i.e. dependants' grants and travel grant) as part of the assessed contribution.

A18: 2016 COHORT STUDENTS (EXCLUDING STUDENTS ENTITLED TO BENEFITS AND STUDENTS AGED 60 OR OVER ON THE FIRST DAY OF THE FIRST ACADEMIC YEAR OF THEIR COURSE): ASSESSED CONTRIBUTION FOR THE LOAN FOR LIVING COSTS.

An assessed contribution will apply as follows:

Household income **£42,875 or less** - no assessed contribution;

Household income of **more than £42,875** – an assessed contribution will apply.

The assessed contribution figures in **table A18** on page 19 (which should be read in conjunction with **table A15** of this Memorandum) are calculated as follows (*case study for student living in the parental home with a household income of £44,000*):

1) Calculate the amount of loan to be deducted from the maximum loan at a household income of £42,875. (The taper for the home rate of loan is 7.66). For the purposes of this calculation, this is known as the **contribution disregard**.

$$(\text{£}42,875 - \text{£}25,000) / 7.66 = \text{£}2,333 \text{ (rounded down)}$$

2) Calculate the amount of loan to be deducted (the **income assessment** in table A15 of this memorandum) from the maximum loan at a household income of £44,000 (the household income of the student in this case study)

$$(\text{£}44,000 - \text{£}25,000) / 7.66 = \text{£}2,480 \text{ (rounded down)}$$

3) Calculate the assessed contribution for a student living at home on a household income of £44,000 by deducting the **contribution disregard** from the **income assessment**.

$$\text{£}2,480 - \text{£}2,333 = \underline{\underline{\text{£}147}}$$

The same method of calculating assessed contributions for the loan for living costs will apply to 2016 cohort students living away from home and studying in London or living away from home and studying outside London. However, the taper for the London rate of loan for living costs is 7.46 and that for the elsewhere rate of loan 7.58

In calculating the household income, an allowance of **£1,130** may be made for a parent who is an eligible student or who holds a statutory award. The household income may also be reduced by **£1,130** for each child wholly or mainly dependent on the student or the student's partner or each child (other than the student) who is wholly or mainly financially dependent upon the student's parent or the parent's partner whose income is being taken into account.

The total assessed contribution for a student is the assessed contribution from table A18 on the following page of this Memorandum added to the contribution for supplementary support (table A20). In total, this contribution must not exceed £6,210.

TABLE A20: 2016 COHORT STUDENTS: ASSESSMENT OF HOUSEHOLD CONTRIBUTION FOR SUPPLEMENTARY INCOME-ASSESSED SUPPORT in 2020/21 (Long courses loan; grants for dependants; travel grant)

Assessments will be calculated as follows:

Household income **£39,796 or less:** no contribution

Household income of **more than £39,796:** contribution of £1 for each additional £8.73 of household income.

The maximum contribution is **£6,210**. In calculating the household income, an allowance of **£1,130** may be made for a parent who is an eligible student or who holds a statutory award. The household income may also be reduced by **£1,130** for each child wholly or mainly dependent on the student or the student's partner or each child (other than the student) who is wholly or mainly financially dependent upon the student's parent or the parent's partner whose income is being taken into account. The total assessed contribution for a student is the assessed contribution from this table added to the contribution to loan for living costs (set out in **table A15**, or for full-time students eligible for benefits, the contribution to loan for living costs in **table A16**). In total this contribution may not exceed **£6,210**.

ACCESS AND PARTICIPATION PLANS.

Approved (Fee Cap) providers in England that intend to charge more than the Basic Amount or the Floor Amount in respect of the Basic Amount for full-time courses starting on or after 1 September 2012 must have an **Access and Participation Plan** approved by the Director for Fair Access and Participation. In 2020/21, the Floor Amount in respect of the Basic Amount for full-time courses (where the provider does not have a TEF award) is **£6,000**. The Basic Amount for full-time courses (where the provider has a TEF award) is **£6,165**. Access and Participation Plans describe the arrangements that each provider has in place to promote access for students from low-income or other under-represented groups through outreach activities as well as the financial help that the provider will provide for such students. Eligibility criteria and types and amounts of support available will vary according to the particular provider.

TABLE B7: 2012 COHORT STUDENTS: ASSESSMENT OF HOUSEHOLD CONTRIBUTION FOR SUPPLEMENTARY INCOME-ASSESSED SUPPORT in 2020/21 (Long courses loan; grants for dependants; travel grant)

Assessments will be calculated as follows:

Household income **£39,796 or less:** no contribution

Household income of **more than £39,796:** contribution of £1 for each additional £8.73 of household income.

The maximum contribution is **£6,210**. In calculating the household income, an allowance of **£1,130** may be made for a parent who is an eligible student or who holds a statutory award. The household income may also be reduced by **£1,130** for each child wholly or mainly dependent on the student or the student's partner or each child (other than the student) who is wholly or mainly financially dependent upon the student's parent or the parent's partner whose income is being taken into account. The total assessed contribution for a student is the assessed contribution from this table added to the contribution to loan for living costs. In total this contribution may not exceed **£6,210**.

Household income **£39,796 or less:** no contribution
 Household income of **more than £39,796:** contribution of £1 for each additional £8.73 of household income.

The maximum contribution is **£6,210**. In calculating the household income, an allowance of **£1,130** may be made for a parent who is an eligible student or who holds a statutory award. The household income may also be reduced by **£1,130** for each child wholly or mainly dependent on the student or the student's partner or each child (other than the student) who is wholly or mainly financially dependent upon the student's parent or the parent's partner whose income is being taken into account. The total assessed contribution for a student is the assessed contribution from this table added to the contribution to loan for living costs (Table C6). In total this contribution may not exceed **£6,210**.

TABLE D6: FULL-TIME 2008 COHORT STUDENTS: ASSESSMENT OF HOUSEHOLD CONTRIBUTION FOR SUPPLEMENTARY INCOME-ASSESSED SUPPORT in 2020/21 (long courses loan; grants for dependants; travel grant).

Assessments will be calculated as follows:

Household income **£39,796 or less:** no contribution
 Household income of **more than £39,796:** contribution of £1 for each additional £8.73 of household income.

The maximum contribution is **£6,210**. In calculating the household income, an allowance of **£1,130** may be made for a parent who is an eligible student or who holds a statutory award. The household income may also be reduced by **£1,130** for each child wholly or mainly dependent on the student or the student's partner or each child (other than the student) who is wholly or mainly financially dependent upon the student's parent or the parent's partner whose income is being taken into account. The total assessed contribution for a student is the assessed contribution from this table added to the contribution to loan for living costs (Table D6). In total this contribution may not exceed **£6,210**.

There are three bands of Fee Grant, each measured as a percentage of a full-time equivalent course with the Fee Grant amount increasing for higher intensity of study, in line with the bands shown in the table above.

The income disregards for students with partners and dependent children are £2,000 for a partner (where counted), £2,000 for the first dependent child, and £1,000 for each subsequent child.

Part-time students who started their courses before September 2012 are eligible for a grant of up to **£314** for books, travel and other expenditure relating to their course.
