

Update from Mark Cassidy to DSA suppliers

January 2022

Mark Cassidy heads up the DSA team at SLC and is also Senior Responsible Owner (SRO) for the DSA reform projects.

Following a decision by the UK and Welsh Governments to put contracts in place for the supply of study needs assessments, assistive technology and assistive technology training to students in receipt of DSA, we are pleased to confirm that a Prior Information Notice (PIN) will be published on Friday, 4 February 2022.

We will notify suppliers about the publication of the PIN on Friday.
